

Match Report - Sunday 17th October

Boys Under 12 Development: Wessex League

Woking 9 Alton 0

The BU12's enjoyed a resounding 9-0 win in the league today against a talented Alton side. It was a fantastic result that was perhaps made more remarkable because some of the Woking players had not even met each other before today!

Before the game we sorted out positions and thankfully all the boys seemed to suit the position they were selected to play. Simon was a rock in goal and didn't put a foot wrong. Piers, David, Edward and Seb dealt comfortably with anything the Alton forwards had to offer. Thomas, Daniel and Hantian were tireless in midfield while Thys, Alex and Finlay caused havoc up front!

The game was split into three sessions of twenty minutes and the first session started evenly as both sides took some time to get into the game but once Woking took the lead we didn't look back! We were 2-0 up after the first break although Alton pressed us hard and had a few chances. We then made a slight tactical change in the second period and were 4-0 up at the end but five goals in the final session capped off a superb display

It would not be fair to mention any of the players specifically because it was such a good team performance that I would have to mention them all! At the start of the game we agreed to pass the ball to each other as much as possible and the result proved that we did that and we did it well. Well done boys!

Thanks to Jackie for sorting out the team so efficiently and to Lyall for the excellent umpiring.
